Football, also called association football or soccer, is a game involving two teams of 11 players who try to maneuver the ball into the other team's goal without using their hands or arms. The team that scores more goals wins. Football is the world's most popular ball game in numbers of participants and spectators.

Apple (Malus domestica), fruit of the domesticated tree Malus domestica (family Rosaceae), one of the most widely cultivated tree fruits. The apple is a pome (fleshy) fruit, in which the ripened ovary and surrounding tissue both become fleshy and edible. The apple flower of most varieties requires cross-pollination for fertilization. When harvested, apples are usually roundish, 5–10 cm (2–4 inches) in diameter, and some shade of red, green, or yellow in colour; they vary in size, shape, and acidity depending on the variety.
