## POS Alpha Retail Software for Business of Any Type

### Frequently Asked Question

**Does it support White Label?**

Yes, it is White Label supported, so that you can brand it by your own brand.

**What about future update?**

You will get free update for life time for bug fix, new features and improvements.

**Will it work offline?**

We are going to launch a Synchronizing Desktop Exe very very soon so that you can process your sales when internet is gone.

**Can I run it for any type of business?**

It is for retailers/service sellers: 1. Who sales products 2. Who sales products and services 3. Who sales only services

**Does it support GST?**

Yes, and not only this, our innovative tax configuration system will allow you to use any kind of tax like: GST, VAT, IVAT, HST, Sales Tax any...

**Does it support Arabic RTL?**

Yes, it is Arabic RTL supported. And it also supports English, Spanish and French.

**Does it support my currency?**

Yes you can set your own currency.

**How about getting support?**

Usually we response within hour(if we are not in some sort of life hassle or in a vacation).

**Do I need any coding knowledge?**

Absolutely not.

**Does it support multiple outlet?**

Not yet but we are trying to bring soon.
